SPORTING PROVINCE

• If swimmers are eligible to swim for 2 provinces, i.e. parents reside in one province, but they attend school in a different province in the country, they MUST select their SPORTING PROVINCE by registration and shall remain with that province for the duration of the current season, UNLESS a release is obtained.

Code of Conduct and Indemnity

All athletes, coaches, parents, and officials are subject to the Zimbabwe Aquatics Manual for Disciplinary and Grievance Procedure. As a WORLD AQUATICS Member Federation, all persons involved in swimming are also subject to the WORLD AQUATICS Code of Conduct and are expected to sign the World Aquatics Declaration Form.

No member shall hold Zimbabwe Swimming, Zimbabwe Aquatics or any of its members or affiliates, liable for any injury sustained, whether by accident or otherwise, whilst on international tours/competitions or any event organized by Zimbabwe Swimming and its affiliates.

Upon registration in the Zimbabwe Swimming National database, the individual member confirms acceptance of the Zimbabwe Swimming, Zimbabwe Aquatics, Africa Aquatics Zone IV, Africa Aquatics, and World Aquatics Constitutions, Bylaws, and the Code of Conduct, and is bound by the provisions therein. These apply to Individual Members (athletes, coaches, administrators, parents, and technical officials).

SWIMWEAR

TECH SUITS

Definition of Tech Suits

As indicated in the report section on Suit Technology, the main elements of tech suits include bonded seams, woven fabric, and water-repellent treatments.

A Technical Suit is one that has the following components:

Any male or female suit with any bonded or taped seams is defined as a technical suit, regardless of its fabric or silhouette (Note: A woven suit with sewn seams and in a male brief or regular cut not to the knees is not defined as a technical suit and is not restricted.)

Any suit containing 78% polyamide or greater shall also be part of those suits regarded as Tech Suits.

Restrictions

12 and under - no tech suit

Official Regulations on Smart Goggles and Wearable Technology at World Aquatics Meets

1. General Rule: Data Collection Only

Under World Aquatics Competition Regulations (Part Two, 14.3), automated data collection devices are permitted during races strictly for post-race evaluation. Technology must meet two primary criteria:

- Sole Purpose: Devices may only collect biological or technical metrics (such as heart rate, stroke count, or pacing).
- Zero Real-Time Assistance: Wearables must not be used to actively aid a swimmer's speed, nor can they provide any physical performance advantage during the race.

2. Strict Prohibition on Real-Time Feedback

While a wearable device is allowed to log data for post-race analysis, absolutely no data, sounds, or visual signals may be transmitted to the swimmer during the race.

- Pool Swimming Restriction: Standard interpretations strictly forbid devices that display metrics on an in-goggle screen or through audio cues while the athlete is in the pool.
- Commercial Smart Goggles Status: Popular smart goggles with integrated augmented reality (AR) lenses (such as FORM Smart Swim Goggles or FINIS Smart Goggles) are strictly prohibited in pool events. While these brands are legally permitted in World Triathlon events, they do not comply with pool based World Aquatics rules because they display live metrics to the swimmer.

3. Pre-Race Declaration Mandate

Swimmers are legally required to declare every piece of wearable technology they intend to use.

- First Call Room: Athletes must present and declare their wearables when reporting to the First Call Room.
- Consequence: Failure to declare an approved wearable device prior to entering the deck is treated as a major technical infraction and will result in a disqualification (DQ).

4. Approved Registry Check

Any wearable device worn on the deck or in the pool must be explicitly listed on the official World Aquatics Approved Wearables List.

- The registry includes specific standalone sensors, heart rate monitors, and stroke analysis units (e.g., TritonWear Triton 2 units or Eo SwimBETTER systems) that do not give real-time feedback to the swimmer.
- Do not assume a device is legal simply because it is non-transmitting; it must carry formal World Aquatics approval.

Directives for Coaches:

1. Audit Athlete Gear: Inspect all goggles and wrist devices during upcoming practices. Ensure no athlete is training with an intent to wear AR or unauthorized smart goggles in the meet.
2. Review Call Room Protocols: Remind athletes during pre-race briefings that they must declare permitted sensors (like heart rate straps or approved pods)

Anti-Doping

"An informed athlete is an empowered athlete."

STRICT LIABILITY PRINCIPLE

Under the strict liability principle, which is central to all anti-doping regulations, an anti-doping rule violation occurs whenever a prohibited substance is found in an athlete's bodily specimen.

The WADA (World Anti-Doping Agency) Prohibited List

This is divided into 3 categories:

- Substances and Methods Prohibited at all times (in and out of competition)
- Substances Prohibited in-competition
- Substances Prohibited in Particular Sports

Many medications/supplements prescribed by doctors or those available over the counter are not permitted to be used by athletes. An athlete is responsible for whatever they take, so they need to be aware of what is acceptable and what is unacceptable.

THERAPEUTIC USE EXEMPTION APPLICATIONS

A Therapeutic Use Exemption (TUE) form must be completed if a swimmer has a legitimate medical reason to take a prohibited substance. These forms are required for any National Competition, International Competition or tour outside of Zimbabwe. This form is available on the SAIDS website www.drugfreesport.org.za or www.wada- ama.org/en/what-we-do/sciencemedical/therapeuticuse- exemptions. Forms MUST be submitted through Provincial Boards and should be submitted at least 30 days before the relevant competition. The correct channels of communication must be followed.

RITALIN

This is prohibited in-competition. Swimmers are NOT permitted to take this medication at National/International events (including any tours outside of Zimbabwe). Swimmers need to stop taking this medication 1 day prior to the start of a competition. If a swimmer is unable to go without taking this medication, they will need to complete a TUE.

ASTHMA MEDICATION

ASTHMA MEDICATION	TUE REQUIRED
Advair (flucticasone and salmeterol)	NO
Brainly (terbutaline)	YES
Formoterol	NO
Salbutamol (albuterol)*	NO
Salmeterol	NO
Symbicort (budesonide and formoterol)	NO

*when``., administered by inhalation, and below a urinary threshold of 1000ng/mL

NB: Please note that the use of oral or intravenous glucocorticosteroids in the emergency treatment of asthma requires a TUE Application Form.

E-LEARNING AND CERTIFICATION

All athletes, coaches, and Managers are required to complete the ADEL online course and submit their certificate to the Zimbabwe Swimming Secretary VIA their clubs and Provinces

ADEL E-LEARNING AND CERTIFICATION

The online course can be taken here: https://adel.wada-ama.org/learn

A register of certificates will be compiled by the relevant provincial antidoping liaison person. They will also be responsible for uploading the certificates into the ADEL drive.

Athletes, Coaches and Managers of ANY touring team and any Provincial Team are required to complete the ADEL online course and submit their certificate to the ZIMBABWE SWIMMING Secretary PRIOR to any tour.

Team Clearance will not be requested UNLESS all athletes, coaches, and managers have current e-learning certificates submitted

NEW TO OFFICIATING?

Swimming Technical Official Certification and Grading Standards and Progression Plan

Registration

All swimming technical officials MUST be registered members of a registered swimming club and the respective province affiliated with Zimbabwe Swimming. The club and respective province must be in their place of domicile.

Qualification

The prime qualification is the successful completion of a clinic covering the Course Module for the specific category of officiating. The clinic must be sanctioned by Zimbabwe Swimming and presented by an accredited Technical Official. Details of the accreditation requirements for each level of the respective officiating categories are provided below.

Accreditation

The requirements for achieving accreditation at the respective levels for all categories of officiating are the same in all provinces. Achievement of an accreditation will be nationally recognised.

Accreditation will lapse if an individual fails to officiate at a swim meet at their highest level for a period of two years

General

Only meets listed on the Provincial and National calendars are recognised by Zimbabwe Swimming.

- Completed (signed in/out) the official register for that session/meet **Provincial Meets:**

If a province requires a Referee from another Province for any meet on their calendar, they must make an official request to the National Officials Convenor. The National Officials Convenor will allocate a Referee thus ensuring that the Referee is a registered Zimbabwe Swimming Technical Official and is in good standing with their club, province and Zimbabwe Swimming.

National Meets:

To work at a National Championship meet, it is recommended that Technical Officials have worked at least three meets and a provincial championship meet during the current season in their official category (starter, judge, etc.). The allocation of officials for national meets is the responsibility of the National Technical Officials Convenor and will be based on the officials' ability and experience.

International Meets (meets outside of Zimbabwe):

Any technical official attending meets outside of Zimbabwe must first notify Zimbabwe Swimming, who will notify Zimbabwe Aquatics for clearance with the relevant bodies. If, however an official is nominated by WA, AA or any higher body they will be notified through Zimbabwe Swimming in writing.

Assign roles based on the officials' certification level and experience, matching this with the level of the meet status.

Fair opportunity, and distribution of officials at all levels must be considered to ensure officials get the training to advance, as well as maintain their level of certification. Zimbabwe National Championship Events General Rules

CALL ROOM PROCEDURES FOR ALL NATIONAL COMPETITIONS

1. The call room is for relevant swimmers (swimmers competing in the upcoming heats/events) and the nominated call room supervisors only. No parents, friends, siblings, etc. are allowed into the call room. Coaches may go into the call room if requested (e.g., to assist the call room supervisors with relays - Junior League).
2. ALL SWIMMERS MUST REPORT TO A CALL ROOM SUPERVISOR IMMEDIATELY WHEN THEY ARRIVE IN THE CALL ROOM.
3. Swimmers are to arrive in the call room according to the following criteria:
    a. ALL MEETS – at LEAST 10 minutes prior to start of ANY session.
    b. ALL MEETS – at LEAST 5 minutes prior to the re-start of ANY session after tea/interval
    c. Junior Meets – AT LEAST 5 races in advance of their race
    d. Senior Meets –
        i. Individual events (200m and under) - AT LEAST 6 races prior to the start of their race
        ii. Individual events (400m and over) – AT LEAST 4 races prior to the start of their race o Relays – at LEAST 2 races prior to their race
    e. Swimmers arriving late to the call room MAY be reported to the referee who may in turn not permit that swimmer to participate. The definition of late is at the discretion of the competition manager.
4. If a young or inexperienced swimmer requires assistance finding the call room , hand him/her over to the relevant call room supervisor, and then must LEAVE. They cannot stay to “hold the new swimmer’s hand”, look after their belongings, etc.
5. Once a swimmer has been ticked off on the call room supervisor’s heat sheet, they MAY NOT LEAVE the call room. The call room supervisor will cross the swimmer’s lane off on the ticket if a swimmer leaves and this will mean that the swimmer will not be allowed to swim. Swimmers must ensure that they have all their swimwear (one swimsuit, cap, and goggles – ear/nose plugs are permitted) before they arrive at the call room.
6. Once a swimmer is seated, he/she may not leave his/her seat until sent to the start (except when told to move to the next row).
7. There must be QUIET in the call room at all times so that the call room supervisor can hear the roll call.
8. Swimmers are to answer the call room supervisor when their names are called (even if they believe that the call room supervisor knows who they are) and are required to listen to and follow the instructions of the call room supervisor at all times.

9. Swimmers are permitted to take personal electronic/audio devices into the call room, but the following applies
    a. It is the swimmer's responsibility to ensure they can hear the instructions given by the call room supervisor.
    b. The music, etc., must not distract any of the other swimmers or be audible to the other swimmers/call room supervisors.
    c. The call room supervisors are not responsible for looking after electronics, and no other person may be brought into the marshalling area to look after a swimmer's belongings at any point.
10. CALL ROOM SUPERVISORS must ensure that ONLY one heat/race of swimmers is waiting at the start end of the pool (this is to ensure that swimmers do not accidentally swim in the incorrect heat). Rule of thumb:
    a. For 1 length events – when the race immediately before is lined up behind their blocks, the next race can be sent to the start;
    b. For 2 length events – when the race immediately before is lined up behind the blocks, then the next race can be sent.
    c. For events of more than 2 lengths – when the race immediately before is in the water and the fastest swimmer has 2 lengths left to complete, then the next race can be sent.
11. SWIMMERS – whilst waiting by the starter or behind the turn judges/time keepers:

    must be quiet at all times.
    a. are encouraged to remain dressed (tracksuit/gown etc.) while waiting, especially if it is cold.
    b. Participants are encouraged to put on a cap and goggles before walking onto the pool deck (adjusting the cap, costume, or goggles when on the starting block may constitute delaying the start, resulting in disqualification).
    c. On the pool deck, after respecting the presentation protocol, the competitors must immediately remove all clothing except for swimwear.

12. CHAMPIONSHIPS – the following applies to meets with heats and finals, and/or medals (or equivalent):

- Alternates must report to the marshalling area for Finals
- Call room supervisors are not permitted to leave the call room area just prior to and during medal presentations as they are required to organise the medal winners
- Swimmers being awarded medals (or equivalent) are expected to report to the call room prior to the start of the medal presentation and be marshalled accordingly.

For ALL MEETS. Any baby pool is out of bounds while the meet is in progress. Any alternate competition pool (if available) can be used by the COMPETITORS ONLY for warm-up or cooldown. Any diving boards are STRICTLY out of bounds at all times.

6.2.3 by the responsible team leader only

6.2.4 together with a deposit of US$50.00 and

6.4 All protests shall be considered by the referee. If the referee rejects the protest, he/she must state the reasons for the decision. The team leader may appeal the rejection to the Jury of

7.1 Events are limited to 50m, 100m, and 200m distances

7.2 There will be a limit of a MAXIMUM of 2 swims per swimmer over the course of the Championships, should they request them.

7.3 No times achieved in the time trial will count towards medals or points in the Championship.

International Touring Teams – General Rules

ELIGIBILITY:

- All swimmers must be in possession of a valid Zimbabwean passport to be eligible for selection to any of the Team Zimbabwe Competitions, except for SANJ and SANAT.
- Swimmers, Managers and Coaches selected on a Zimbabwean passport MUST travel using the Zimbabwe passport and NOT any foreign travel document.
- No consideration will be given for any tour unless all the relevant criteria have been met.

MEET SELECTION CRITERIA:

- The Selection criteria and qualifying time standards listed in the following tours are the minimum requirements for a swimmer to be considered for selection. Achievement of these criteria does not necessarily mean that a swimmer will be selected.
- For swimmers to be considered for tour selection, they must participate in the Zimbabwe National Senior Championships or Zimbabwe Junior National Championships.
- The only exception for participation at national championships will be proof of participation at another sporting event where the athlete will represent Zimbabwe, and proof of Sports and Recreation Commission clearance is submitted to the Zimbabwe Aquatics Executive, where the dates coincide with the National Swimming Championships. In this instance, the swimmer would have had to have participated in the National Sprint Gala to be considered for Selection.
- Zimbabwe swimmers based outside the country ("CROCS") are exempt but are encouraged to take part in local competitions wherever possible and to attend National Events where possible.
- Selection to any team will be in accordance with the criteria laid down in the Handbook and at the discretion of the selectors, subject to ratification by Zimbabwe Swimming and Zimbabwe Aquatics.
- The selectors must take into consideration any additional criteria as the Board may direct or as circumstances warrant, with such selection being subject to ratification by Zimbabwe Swimming and Zimbabwe Aquatics.
- Selectors will meet as soon as possible to finalise selection for the teams, soon after the selection cutoff date.

ACCEPTANCE OF SELECTION

- Once a swimmer has been selected into the team, they will be required to sign an acceptance of selection form.
- Medical declaration, Indemnity and Code of Conduct forms MUST be completed and submitted by all travelling team members.
- Swimmers turning down selection may risk not being selected in future events they may qualify for.
- Selected swimmers can only withdraw on medical grounds with a written medical report.

- Any withdrawal from selection after signing the acceptance form, due to any reason other than medical, will not be accepted.
- Should the swimmer not comply with the acceptance of selection conditions, they will not be selected in future events and will be liable for any costs incurred by Zimbabwe Swimming.

WHAT DOES THIS MEAN FOR MY SWIMMER?

- Selection can only be based on results that Zimbabwe Swimming can officially verify. ○ Local swimmers: ensure your times appear on the National Database.
- CROCS/external swimmers: ensure recognised overseas results are submitted in the required format before the selection cut-off.

DATABASE TIMES:

- Times for locally based swimmers will be from local official sanctioned galas as per the competition calendars, or from meets attended where SRC Clearance was obtained
- For external swimmers, Hy–Tek zip files should be forwarded to the CROCS Results Convener periodically to ensure current times are reflected in the database. Otherwise, only those times reflected on original and unaltered copies of computer-generated result sheets and seeding lists, or on the National Swimming Federation websites, will be considered.
- The Zimbabwe Swimming Results Convener is responsible for ensuring that the Selectors have available to them current times for all swimmers and a program of events for each tour, including the criteria required by hosts prior to selection.
- Any times recorded or submitted after the selection panel has been convened for each tour will not be considered for selection purposes. However, for swimmers who have been selected, additional qualifying times achieved after the convening of the selection panel, but prior to the cut-off entry date of the relevant tour, may be used to register for additional swims on that tour.

PROTESTS AND APPEALS:

- Should any individual feel that he/she has legitimate grounds for protest, e.g. their own non-selection, such a protest must be conveyed to the Chairperson of Zimbabwe Swimming via the communication channels. This must be done in writing (e-mail is acceptable), through the respective Club Chairperson to the Provincial Chairperson, who must support such a protest, within 72 hours of the team having been officially announced.
- Protests made directly to the Selectors or ZIMBABWE SWIMMING will be nullified and may thereafter not be resubmitted. A deposit (USD$50) must be lodged with the protest; this being forfeited should the protest be unsuccessful.
- Zimbabwe Swimming shall meet with the Selectors' Convenor as soon as possible after the expiry of the 72-hour period after the announcement of each team, at which time any protest shall be heard and a final decision made in this regard. This meeting may be virtual.
- Following this process, the final team will be submitted to the Zimbabwe Swimming Executive and Zimbabwe Aquatics for ratification and approval.

TEAM MANAGEMENT:

- Coaches and managers for tours MUST be registered with Zimbabwe Swimming and must have fully paid their capitation fees.
- Coaches and Managers will be appointed by the Zimbabwe Swimming Executive.
- Selection will be based upon the ability and experience of the coach/manager relevant to the level of the tour. Coaches and managers will follow a progression plan and will not advance to higher-level tours until they have relevant experience at lower levels
- Selection will be based primarily upon ability. Thereafter, Zimbabwe Swimming will consider any tours recently conducted by an individual, with a view to developing the experience of other candidates.
- Zimbabwe Swimming may, however, nominate the candidate who, in their opinion, is best suited for a particular manager/coach position, regardless of whether that individual has recently conducted other tours.
- All coaches and managers wishing to be considered for selection are required to provide the executive committee with curricula vitae, police clearance and copies of any relevant certificates.
- Usually, one coach and one manager will be required for tours. Zimbabwe Swimming may, at its discretion, elect to provide additional coaches and managers for large teams, OR a coach/manager for smaller teams.
- Zimbabwe Swimming will provide funding for a Coach and or Manager for smaller teams.
- The Team Management will be appointed by Zimbabwe Swimming, and once the team has been ratified, they will be responsible for dealing directly with all selected team members with regards to logistics
- All touring teams shall travel together unless otherwise decided by Zimbabwe Swimming at its discretion.

- All touring teams shall stay together unless otherwise decided by Zimbabwe Swimming at its discretion.
- The travel, accommodation and subsistence costs for the official coach and manager will be provided from tour funds. Accommodation and subsistence costs for additional days spent outside Zimbabwe will be covered from tour funds only if these days are unavoidable.
- **Self-funding parents or club coaches who wish to accompany tours may make an application to Zimbabwe Swimming to be considered as a learner/assistant coach or manager. Where possible, applications should be accompanied by CVs and certificates. Where Zimbabwe Swimming elects to make available such positions, the assistants/learners will be selected by the Zimbabwe Swimming Executive, but funding may/may not be provided from tour funds, depending on team size.**
- In cases where tours are provided with assistant/learner coaches and managers, the qualified official coach and manager will remain in charge.
- Parents and club coaches accompanying tours who have not been selected as officials or learners/assistants are expressly forbidden from becoming involved in coaching or management issues, and equally, are not to be involved in travel, accommodation and Team arrangements.

Anti-Doping Education

All athletes, coaches and Managers of ANY touring team are required to complete the ALPHA on-line course and submit their certificate to the Zimbabwe Swimming Secretary PRIOR to any tour. https://adel.wada-ama.org/

TOUR FUNDRAISING

- Zimbabwe Swimming should be advised of all potential fundraising efforts and receive PRIOR approval so there are no “conflicts of interest” with existing sponsors.
- All fundraising for specific tours under the banner of Zimbabwe Swimming must be done in respect of the WHOLE team, and NOT an individual. All funds MUST go through the Zimbabwe Swimming books and bank accounts.
- Individuals wanting to seek private fundraising may do so, but must be accurate in terms of what they require. No advertising/branding in respect of this may be done on any National Team Kit.

SOCIAL MEDIA FUNDRAISING

Any individual fundraising on any social media platform has a responsibility to ensure that ALL information is accurate, including acknowledging any sponsorship or financial assistance received for the same purpose from any person/s or organization/s received for the same purposes.
